DETAILED ACTION

Drawings

1. The drawings are objected to because Figure 2 is not included in the disclosure. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-20 are allowed. The following is a statement of reasons for the indication of allowable subject matter: although the prior art of Huang and Endelman et al show a frame having a substantially longitudinal portion, a base adapted to the frame, a multi-lock mounted to the frame; Chen shows a frame and base having a multi-lock mounted to the frame and enabling a plurality of secure angular orientations and a bar adapted to couple the lock, the prior art of record fails to teach or suggest singularly or an obvious combination of a frame including a substantially longitudinal portion having a base adapted for linear motion and supported by the frame having a head portion pivotally mounted to the frame and including a spring releasably coupled to the frame thereby when engaged the spring allows resistance to movement of the head portion.
